ACHIEVEMENTS

hackCBS 3.0 – India's Largest Student-run Hackathon

We were in Top 15 and also won a "Best Beginner Hack" category in the hackCBS 3.0 Hackathon.

[Techie Assistant | Devfolio](#)

National Cyber Olympiad

Secured an international rank of 310 and a State rank of 1st in the 13th SOF National Cyber Olympiad with a percentile score of 97.85.

ASHOKA YOUTH VENTURER

I have had the privilege of being selected as an Ashoka Youth Venturer, a recognition given to a select few youngsters across the world for creating social change in their communities.

PROJECTS

Let's Recommend

An interactive web app served using a flask server, uses ML techniques for suggesting online resources based on user input preferably a course name.

<https://lets-recommend.herokuapp.com/>

Remember me Diary

An interactive web app to register your personal musings and daily tasks. This web app uses nodeJS server in the backend and MongoDB, as a database, to store data.

A recreational-purpose website— A travel blog

Worked on bridging the gap between Kashmir's unidentified tourism attractions and their global recognition by designing and developing the web resources for this budding project.

www.traveldarwish.com
